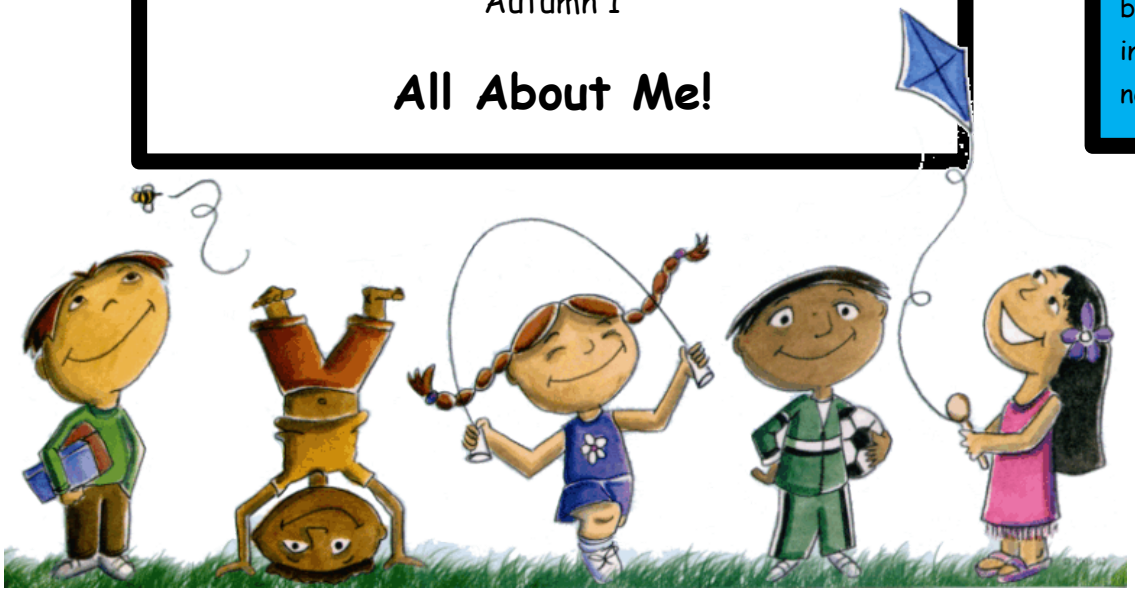
Reception

Autumn 1

All About Me!



Bonneville Driver: Communication

As effective communicators, we will…share our 'All About Me' bags with our new friends and talk about what makes us special.

Bonneville Driver: Enterprise

As enterprising people we will…begin to explore model making by using recyclable materials and interact independently with our new environment.

Bonneville Driver: Possibilities

As aspirational people, we will…talk about the roles that our family, friends and people have in the local community.

This half term there will be a strong emphasis on the new children settling into Reception and becoming aware of their local community. We will be taking walks around the school and its surrounding areas.

We hope that parents and carers will feel free to talk to Miss Neale (RF) , Miss Neate (RN) , Miss Boyle (additional teacher) and our friendly EYEs; Mrs DaSilva and Miss Beverly about any questions or concerns you or your child may have, no matter how small.

Bonneville Driver: Environment

As people concerned with the environment, we will…begin to take notice of the weather each day, and explore the Forest School garden.

This topic explores the theme of All About Me through the children's first-hand experiences. We hope that by providing the children with opportunities to talk about familiar contexts such as their favourite things and their families, they will grow in confidence when communicating and when building relationships with the children and adults in Reception.
