

BONNEVILLE

PRIMARY SCHOOL

Success for today, prepared for tomorrow

Dear Parent/Carer

Clean Air Day
20th June

As part of clean air day, children at Bonneville will be having assemblies, games and workshops to understand the effects of pollution on the environment and health. This will include anti-idling campaigns at the school gates to improve the air quality of Bonneville Gardens. Activities will take place over the next 2 weeks led by members of staff from Lambeth Council.

As part of these activities, children in Year 4 have planned a "Peddle for the Planet" event. On **Friday 28th June** they would like children to decorate their bikes or scooters with an environmental theme and cycle or scoot to school. Their aim is to raise awareness of the health and environmental benefits of cycling or scooting to school.

There will be 3 winners for each key stage of the school with prizes being given out during assemblies. If you would like to enter, then please decorate your bike and name it clearly with your child's name and class and leave it in the bike and scooter area on Friday 28th June ready to be judged. There will be an entry fee of **£1** for each bike or scooter. This money will be put towards buying a new set of school bikes.

We look forward to lots of inventive decorations!

Thank you for your support

Miss Auton and Year 4 bike it crew
