

THE BONNEVILLE BUZZ

Friday 24th April 2015

Welcome back! It great to see all of our children return from the Easter break well rested and ready for the Summer term.

This term we are launching our new school branding and slogan 'Success today, prepared for tomorrow!' which is the strapline of our school vision to provide a friendly, happy and stimulating place for our children to grow. Look out for our new owl, now featured on most of our school correspondence, and new letterhead. The new branding will not have an immediate impact on school uniform as this will evolve over time.

Homework contracts have now gone home please ensure you have read and signed against the agreement. This will enable us to work together in embedding high expectations of our children as a community.

We have now established a minimum two week notice period for parents for school trips and events. However, at times when we receive notice of events at short notice, and we deem it an important experience for our children, we ask for your co-operation.

And finally we would like to welcome Ms Harris back from maternity leave, who is now teaching class 2V. It's lovely to have you back!

Ms A. Parker
Interim Headteacher

Our children learnt all about the history of drums and how they developed across the world playing and holding the drums as they learnt. Key highlights shared by the children were witnessing and being inspired by his skills and the finale being the year group freestyling session, with the musician as a 250 piece percussion band.
