

THE BONNEVILLE BUZZ

Friday 19th October 2018

This term we hosted our annual Family Day. Thank you so much to all the parents, family members and friends for donating your time and skills to support the development of resources in our outdoor areas. We are very excited that our back playground Reading Den is beginning to take shape and really appreciate your help in completing this project. A massive thank you to Mrs Da Silva for arranging the day.

We had an incredible turnout for our KS1 Harvest assembly this term. Thank you all for coming and for all your food donations.

Our Science and Cooking Laboratory is near to completion and our new cooking curriculum is being developed with Michelin Star Chef Adam Byatt. We look forward to the opening of our Lab and the delivery of our new cooking curriculum.

We are still very much committed to the installation of our MUGA and still in talks with local residents to find the best solution for us all. We are all positive in working together to achieve what we need for the Children. Enjoy the half term break!

**Trip to the
Natural
History
Museum**

UKS2 Year 6 have been learning all about the Ancient Kingdom of Benin. They have also created their own fictional African nations, inspired by Wakanda, the setting for Black Panther. Yesterday, they celebrated their achievements during Wakanda Forever Day. They gave speeches to the UN introducing their countries to the rest of the world. They also presented patterned fabric and armour that they had designed during Art lessons. Today, Year 5 have been enjoying a UK/ Paddington themed day. They have celebrated everything that they have learnt about the geography of the United Kingdom, watched Paddington and enjoyed marmalade sandwiches.

**Nursery Making Fruit
Kebabs**

Wellbeing Week This week our children took part in our annual Wellbeing week program. The children's learning has been focussed on the areas of nutritional wellbeing, personal wellbeing, physical wellbeing, emotional wellbeing and personal safety. The children have designed healthy packed lunches and posters to support healthy, sustainable modes of transport. During assemblies we have discussed how we can support a positive wellbeing in others through acts of kindness. Thank you to Caterlink for delivering a Healthy Eating assembly and inviting JoJoe Crow to encourage us to eat a balanced diet.

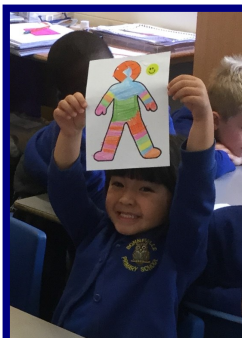

Year 6 Wakander Forever Day

LKS2 Year 3 took a 'successful, fantastic and mind blowing' (according to children) trip to the British museum yesterday, to see ancient Egyptian mummies. Thanks to all the parents and carers who supported on this trip.

Year 4 steel pan drum workshop was amazing and all children really were enthusiastic about playing and interacting with the steel pan drums. They learnt how to play short pieces only by using their memory.

Please can year 3 and 4 parents stay off the grass area in the morning to allow the children to line up quietly, ready for good learning and a calm start to the day!

Request for pre-loved Lego!

We desperately need any unwanted pieces of Lego to help develop our children's communication, concentration and fine motor skills, through Lego Therapy. Please leave donations at the office for Mr Connelly's attention. Thank you
