

BONNEVILLE PRIMARY SCHOOL

Success for today, prepared for tomorrow

Friday 10th January 2020

Dear Parents/ Carers,

I am happy to inform you that we now have a whole school subscription to Times Tables Rockstars. This is a fun and challenging program designed to help your child/children to master the times tables. It is a learning tool that we will be using at school that you will also be able to access at home should you choose.

The program can be accessed via the internet, by typing 'times table rockstars' into google and clicking on the 'student' link. Alternatively, you can use the Times Table Rockstars app on your mobile phone or tablet. It's a free download and available from the Amazon, Android and Apple apps stores by searching for "Times Tables Rockstars".

Children login with the username and password which they will be given by their Maths teacher, by Friday 17th January. The first time they log in, they will need to type in the name of the school- 'Bonneville Primary School', and then enter their log in details. The first 'gig' (quiz) they need to complete can be accessed by clicking on the pink 'start gig' symbol on the home page. This will act as a baseline assessment of how you child is getting on and inform the 'gigs' they go on to complete. Please see the attached information for further instructions on how to use the program.

If you have any further questions or queries about how to use Times Table Rockstars, please do not hesitate to get in touch.

Best Wishes,

Miss Henderson
Maths Subject Leader
