### SCIENCE WEEK 2020 FARMERS MARKET

Dear Parents and Carers

As part of this year's Science Week, children will be taking part in a project in class to set up a farm shop business. They will consider the science behind where food comes from and how it grows, look at how different foods provide nutrition for our bodies and use this to design and produce a product which will be sold at **Bonneville's Farmer's Market** on **Friday 13<sup>th</sup> March** at the end of the school day. We hope this project will inspire children in a range of possibilities available to them in careers for the future.

We would love as many of you as possible to support this project, keep an eye out for more details as they come through the week and we'll see you at the Farmer's Market on Friday afternoon.

Many thanks for your support

Miss Cramer and Miss Corbett  
Science Subject Leaders
