

# BONNEVILLE PRIMARY SCHOOL

*Success for today, prepared for tomorrow*

Monday 23<sup>rd</sup> March 2020

Dear Year 6,

What extraordinary times!

I would like to let you all know, that we have not forgotten about you. I know all the hard work and preparation you put into your SATs may feel like a waste, however, that is not the case.

You have all gained crucial skills that will set you up for life, which is what school is all about. Continue your hunger for knowledge and your thirst to learn, by asking questions and being curious about the world we live in. You see, so much of what is happening now is giving us all an opportunity to find out more. More about different types of medical intervention, different ways of communicating, different ways to live our lives safely. In a world where we can travel, choosing where we want to live and how we choose to live our lives, I am certain exciting new inventions are looming.

Despite all this, your final year of primary school has been disrupted and for this, I write to acknowledge you and your friends for responding so maturely.

Regardless, if we return before the end of the school year or not, when this is all over, we will have a huge graduation celebration to mark you all as the most extraordinary year 6 of 2020.

Keep inside, keep safe and I will keep in touch!

Yours sincerely,

Ms A. Parker  
Lead Headteacher
