

BONNEVILLE PRIMARY SCHOOL

Success for today, prepared for tomorrow

Wednesday 16th September 2020

Dear Parent/Carer,

I write with a brief update to the letter sent yesterday from Public Health England, to clarify a few points.

- Only the year 5 children need isolate. Please be aware, every positive test outcome will come about from a unique situation. Therefore, the actions parents may need to take could be different on each occasion. For example, in this situation, our year 5 families need not isolate.
- The 14 day period is calculated from the day before the positive test was conducted, which is why the isolation period ends on **Thursday, 24th September** and children return to school on **Friday 25th September 2020**.

Current school protocols and procedures are such to ensure the virus cannot incubate and spread within our school. Therefore, the year 5 children isolation period is a precautionary measure.

Please ensure your child is accessing education through Google Classroom. If you are having any issues please contact the school office and we will get back to you.

I will do everything I can to ensure the information you receive is as clear as possible, within the confines of maintaining confidentiality for all.

Keep well and I will keep in touch.

Yours sincerely,

Ms A. Parker
Lead Headteacher
