

## Hot Lunch Problem Solved!

As you know, the school has been working hard to provide hot lunches for the children whilst maintaining their bubbles. Because the children cannot eat in the lunch hall, there has been a problem transporting the hot food to the other lunch locations. To solve this issue, the school researched several options and chose bento boxes as the best option.

We are very supportive of every child having a healthy, tasty, hot lunch, so we are happy to help by buying the new items. However- this is an unanticipated cost of £2,600 that we did not budget for. Unless FAB is able to recoup those costs, we will not make our fundraising targets for playground improvements.

Can you help? If you can, please donate £10 to FAB by bank transfer to support our children's hot lunches.
