

BONNEVILLE

PRIMARY SCHOOL

Success for today, prepared for tomorrow

Friday 1st January 2021

Dear Parents/Carers,

I hope you all had an enjoyable Holiday break. Happy New Year to you all.

I write to update you on the very recent government change to the return to school for the Spring Term.

This evening the government have reviewed the decision not to put all London boroughs into the 'contingency areas' having taken note of the local advice from public health, education and Council Leaders and in light of the worsening situation regarding COVID infections.

This means that Lambeth will be in the 'contingency area' along with all other London boroughs. Primary Schools will be closed to the majority of pupils until the 18th January, when a further review will take place.

Therefore, we will be providing online education for all children through 'Google Classroom'.

In due course, we will be releasing a questionnaire to establish the number of vulnerable children in each year group who will be able to attend school from Tuesday.

The challenges with implementing this at such short notice means your swift response to the survey will be much appreciated.

Thank you for your ongoing support.

Keep well and I will keep in touch.

Yours sincerely,

Ms A. Parker
Lead Headteacher
