Dear Parents/Carers,

I do hope you are all well.

Well done for getting through another week. High numbers of children are trying their very best and we are very grateful for the support you are providing. Please remember not to put yourselves under too much pressure; if you are struggling, contact your child's class teacher through the school office. We will do our very best to provide the support needed.

## Safeguarding

It has been brought to our attention that there appears to be a new trend emerging on TikTok. Some TikTok users are advertising for students to give them their remote learning login details so that they can disrupt lessons. They film the disruption and post it on Tiktok with tags similar to #lockoff.

Whilst we are all using the Internet more regularly, we advise that you reinforce the message to our children that they must keep their passwords private and that giving out their details can lead to fraud and other criminality.

Please stress the importance of our 'lockdown' signal '**Traffic Light, Traffic Light, Traffic Light**' with your child/ren. This will be used by class teachers to instruct children to leave the live session immediately, should they observe an online safety risk to our children.

## Further Nursery onsite provision

We are regularly risk assessing the school ability to enable onsite nursery provision for more children. We will keep you updated if the situation changes.

Thank you for your ongoing support and understanding.

Have a lovely weekend.

Keep well and I will keep in touch.

Yours sincerely,

Ms A. Parker
