BONNEVILLE PRIMARY SCHOOL

Success for today, prepared for tomorrow

Wednesday 27th January 2021

Dear Parents and Carers,

It has come to our attention that a number of children are using their phones during their lessons. This includes, in a few isolated incidences, recording their lessons and posting these videos to social media. We take these breeches very seriously. These incidents have been investigated and are now resolved, with the videos in question being removed.

However, we would like to remind you that the live sessions and videos that we provide are for the children's learning and are not to be misused and shared outside of the school community.

The school's Live Session Policy states:

> *'Ensure that no recording of sessions takes place. The sessions are intended to be live and the video and audio must not be misused in any way.'*

Additionally, the disclaimer at the beginning of each session states:

> *'By continuing to be present in the session, you are consenting for your child/ren to be recorded by the school and adhere to the terms and conditions outlined in the Live Teaching Policy.*
>
> *These sessions are for the children.*
>
> *This Recording will not be shared with anyone outside the Partnership community. It is intended solely for the use of children who attend the School.*
>
> *Recording and the sharing of this session by anyone who is not School Staff is strictly prohibited.'*

Please remind your children of this and monitor their use of additional devices and continue to check their use of social media.

Thank you to you all for your hard work and support during this difficult time.

Yours sincerely,

Ms A. Parker
Lead Headteacher
