Welcome back and Happy New Year!

It has been a swift start to the year, with the children settling back into learning, embarking on their new topics.

Information on what the children will be covering this term can be found on the schools website.

Last week we also issued the parent survey, thank you to everyone who contributed their thoughts and experiences of the school. I will be sharing the outcomes with you in due course.

My latest News Summary Video can be found here:

Raising concerns, getting your questions answered

It is important to us that any concerns or questions you may have are dealt with as efficiently as possible. The structure we have in place is designed to do just that.

The structure

1) Your first port of call is -Your child's class teacher

(email via the admin team to request a meeting)

2) You may contact the leader of your child's phase (see above)

This includes issues regarding communication and organisation

(email via the admin team to request a meeting)

Should you be dissatisfied with the handling or outcome...

3) You may raise your concerns with Ms Parker

(email via the admin team to request a meeting outlining the nature for the purpose of the meeting)

Leaders are required to share items (as appropriate) with Ms Parker on a weekly basis, even if the matter is being handled by them.

We request that you do not field your concerns to FAB but instead work directly with the school staff as outlined above.

School Council in collaboration with FAB

(Friends Association of Bonneville)

Thanks to the efforts of parents organising events, and money spent out our events, FAB have donated £10,000 for more playground improvements for the school.

The school council have been working hard on gathering playground improvement ideas from their classes and have whittled their ideas down to three key pieces.

The City Team Swing

Ground Level Trampoline

The Encounter Seating Area

The School Council met with Ms Parker to share their ideas and how they worked with their classes to maximise pupil involvement. They had a discussion about how these areas could be managed in the playground, and how we could ensure all children have access to using them and being with budget.

Following this, Ms Parker met with the installation companies to discuss feasibility and final costings. We will keep you updated once we receive the quote!
