Success for today, prepared for tomorrow

Tuesday 28th April 2026

Geography Week

Dear Parents / Carers,

This year, I am excited to announce that we are launching Bonneville's first ever **Geography Week** from Monday 18th May – Friday 22nd May. The aim is to shine a light on Geography - throughout the week, children will take part in a range of engaging activities designed to deepen their understanding of the world and celebrate the diversity of our school community.

During the week, each year group will explore *Cultural Geography* by creating a world map showing where each member of the class is from. These maps will be displayed during our International Evening on Thursday 21st May. To support this could I ask that you share the countries that your child(ren)'s family background is via this poll: [Family Background Poll](#). It would also be lovely if we could add any photographs of the children either visiting places around the world, in traditional clothes from their culture or eating food from around the world. If you have any that you are happy for us to add to the displays please share them in this folder: [International Photos](#).

Thursday 21st May: Cultural Geography Day & International Evening

To coincide with International Evening, we will be having our first Cultural Geography Day. On the day, we invite all children to come to school wearing traditional clothes from their culture or clothes that represent their home country or heritage. During the day, we will be off timetable with geography based activities and some children will be representing their class in our inter-phase geography competition, 'The Geoglympics'.

We are really looking forward to an exciting and enriching week for all our pupils. Thank you for your continued support.

Kind regards,

Ms J Napier
