

BONNEVILLE PRIMARY SCHOOL

Success for today, prepared for tomorrow

Tuesday 6th October 2026

Topic & Science Homework

Dear Parents and Carers,

As part of our continued effort to celebrate and showcase the fantastic learning that takes place across our school, we ask that all children create topic and science related homework. Each child is asked to create a piece of homework linked to their current Topic (Art / DT / Geography / History) and/or Science learning. These projects will be displayed initially in classrooms and then around the school, and we will warmly invite parents and carers to come and view the children's wonderful work during a Topic and Science Homework Exhibition in the hall later in the term on **Tuesday 8th December 2026**.

	Topic	Science (Autumn 1)	Science (Autumn 2)
Year 1	Toy Story	Senses (Scientist: Louie Braille)	Everyday Materials (Scientist: John Dunlop)
Year 2	Inspirational People	Nutrition (Scientist: Flemmie Kittrell)	Life Cycles (Scientist: David Attenborough)
Year 3	Ancient Civilisations	Rocks (Scientist: Friedrich Mohs)	Forces: Moving on Different Surfaces (Scientist: Bertha Benz)
Year 4	Rotten Romans	Animals Including Humans: (Scientist: Lilian Lindsay)	Sound (Scientist: Benjamin Franklin)
Year 5	Time Travellers	Living Things and their Habitats (Scientist: Robert Winston)	Earth and Space (Scientist: Tim Peake)
Year 6	Wakanda Forever	Evolution and Inheritance (Scientist: Charles Darwin)	Electricity (Scientist: Alessandro Volta)

Children may choose to complete their project independently or collaboratively (for example, with a friend, sibling, or family member). The key aim is for pupils to explore their learning creatively and with enthusiasm. Projects may take many forms, for example, a model, poster, short presentation, artwork, fact file, or creative writing piece - as long as they show understanding and interest in the topic or science theme - the class teachers have shared expectations and / or some examples on Google Classroom.

Expectations:

- Key Stage 1 (Years 1 and 2): **One** project per term
- Key Stage 2 (Years 3 to 6): One project per half term (**two** per term)

Thank you for your continued support in encouraging your child to take pride in their learning and share their achievements with our wider school community. We can't wait to see the creativity and effort our pupils will bring to these projects.

Kind regards,
Jacqui Napier
